Maid Paradise Store

Today is Saturday and i have to buy many material to clean my apartment and clean it because my maid that comes 3 time on week is sick and today i have to clean my apartment, then i have to be the maid today, i am a executive man and i live alone.

Then i went to a special store for maids where there is everything for maids and now i am in front of the door of " MAID PARADISE STORE" and i am reading in pink sentences, " ONLY MAID ARE WELCOME, WELCOME MAIDS, WELCOME TO YOUR PARADISE FIND YOUR MADAME TO HELP YOU" then i got inside the store and that is incredible the sensation of clean space and at the end of the store are 2 desk where are two very beautiful Women that are wearing at the same way, like a executive Madame of O/our days, wearing with a nice long white shirt with a black skirt until Their knee with black panties and black leather high heel shoes

Then one of this Women stand up and came to me saying WELCOME MAID, I AM YOUR MADAME TO HELP you , then i say please don't call me maid, She answer me, if you are not a maid please leave the store, it is only for maids. Then i get back to leave but just in front of the exit door, i stop and turned around and i saw Her with a nice authority, with a superior smile and W/we were looking U/us for many seconds to the eyes and She was moving Her hands and saying come back maid moving Her finger to me, PPPPOOOOOFFFFF. i came back to Her and She said: good maid, I am here to guide you maid to train you to do and buy the best to clean and serve and you are to learn do you understand? me: yes. Madame said: here i am your Madame and you are the maid then answer me always calling me as Madame, me: yes... Madame, Madame: Nice W/we are having good beginning, look this apron, a body apron that is in free promotion today, WEAR your APRON maid, put in on you maid to see all the goods of this body apron with all those pocket to your maid's things to do your duties.

Then She was always talking in soft voice that i like to listen more and more and She was moving like waves that made me a mind bondage together with Her voice and Her hands and fingers with the music of Her voice, Her nails are very beautiful and every time that She stop to talk to me She move Her hands, fingers and nails in front of my face and the most interesting is a small piercing that She has in one of Her nails, this piercing has a small crystal that i don't know but make me curious and i try to follow Her hands with my eyes and She only permit me to see the crystal in the ways of come and go, come and go and She is making me feel good and i am more concentrate in Her, trying to see Her beautiful crystal piercing of Her finger, then now i am feeling good and at the same time She took a pair of nice wonderful yellow maid rubber gloves and put Her hands inside the gloves saying: maid you are not to see more my nails, are in the gloves, then She was moving the gloves to come and go, come and go in front of my face with Her nice voice that make me feel so warm, she told me: smell the gloves, you like them, kiss the gloves maid (muaaa) lick the gloves pet (lammm), my nails are inside these gloves, do you think that these gloves are to your Madame? me: no Madame, Madame: you are right maid, then these gloves are better to you, aren't they? me: Yes, Madame.

Then She took out the gloves and leave to fall down to the floor saying: go for them pet. Then i was on my knee and took the gloves, my yellow maid rubber gloves and at the same time She said with a love authority: WEAR your GLOVES PET MAID, and i immediately was wearing my new maid yellow rubber gloves and at the same time She was moving Her nails in front of me saying: look my nails slave... look at the crystal of my nail's piercing... you like it so much... My hands are free and yours are inside your new compromise of be the best maid pet slave who may wear the gloves that you wanted for you... yesssssssss... now you are a maid slave to Madame... just relax my maid... good... feel good...

At the same time She took a special black shiny pair of rubber gloves, the special of these gloves is that they are vibrating gloves and She put Her hands inside these black shiny rubber gloves playing with them in front of my face moving them back and forth , back and forth, i was still on my knee and She in front of me and She started to massage my head , face and neck with these vibrating gloves and i just get more and more inside a big relax she was moving my face to the right to the left and to up and down how She wanted those vibration were so nice at the same time She order me to suck Her gloved fingers saying: ... nice pet... suck... suck as a good bitch... deep... deeper... every time that you suck you are coming hundred time more pet maid to me... suck bitch maid that you like it... just obey... obey... obey your Madame... good maid... then She was so powerful.

But She leave me alone, i didn't know how i got under Her power, i was almost sleepy and now that She was not here, i am trying to wake up, then i stood up and i was feeling OK, wake up again after some minutes, i came back to my

and She was smiling) good pet feel my gloves make that you forget to have more erections in your live, from now I am to mind castrate you maid pet, from today you are only to have ass orgasm as my maid slave, ass orgasms your best pleasure and only as my maid, feel my gloves,

AAAAAAHHHHH AAAAAHHHHH.

At the same time there were two more Madames around me and They were JAJAJAJAJAJA JAJAJAJAJA and me AAAAAHHHHH and They JAJAJAJAJA JAJAJAJA

Then i was vibrating and afraid looking Her red gloves when She is coming to touch me and i said: please, pleeeeeeease Madame please no more my flower is dead. JAJAJAJAJA JAJAJAJA but She was touching me again JAJAJAJAJA JAJAJAJA until They were bored of me and left me cleaning the floor showing my flower, my symbols of my feminization.

Now my mind castration it a true, my love to be a maid is a true , thanks of my best training today in MAID PARADISE for all those good Madames, i am just paying for all that i bought to clean my apartment and the collection of MP3 of Mz Dominica to be better maid when Madame told me, WEAR your APRON (then i got in obedience) I will call you maid, I will need you some days, don't forget to send me by mails your free hours than now are mine, remember that you are my maid to serve and obey...

Then She let me wake up and i leave to my home. Two days after i was going in a van with another maids like me listening Mz Dominica MP3 just to be cleaning many offices in the night because we are the slaves maids that work at MzD MAIDS COMPANY .
